

NC-TOPPS: Recent Changes

Becky Ebron & Shealy Thompson
Quality Management Team
NC Division of MH/DD/SAS

NC Health Information Management Association
Behavioral Health Section, Annual Conference, August 2008

Why make changes?

- Increase ease of **administration**
- Increase **access** to data
- Improve **responsiveness** to requests for help, logins, and reports

What has changed? **LOTS!**

- Requirements for participation, Interview questions, Website, System access, Reports

How were decisions made?

- Provider focus groups
- Input from LMEs through QI Forum, email polls, and voiced concerns
- Input from Consumer focus groups led by Families United as well as State Consumer & Family Advisory Committee
- Recommendations from NC-TOPPS technical staff and researchers

NC-TOPPS Revisions: Populations

- Focus on MH and SA consumers who receive enhanced Medicaid and state (IPRS) funded services

- Regarding Outpatient Services:
 - Excludes MH consumers receiving *only* outpatient therapy or medication management
 - Includes SA consumers receiving *only* state-funded outpatient therapy

NC-TOPPS Revisions: Populations

- Includes MH and SA consumers receiving at least **two services within 60 days**
 - Not based on membership in specific target populations
 - Is based on claims for specific “qualifying services” (primarily services by clinical home providers)

NC-TOPPS Revisions: Services

- Clinicians in agencies providing “clinical home” services are responsible for doing NC-TOPPS.

- Clinical home providers are:
 - Responsible for development of the Person-Centered Plan
 - Most likely to follow the consumer over time

NC-TOPPS Revisions: Services

■ Qualifying community-based services

- ☐ Community Support
- ☐ Intensive In-Home Services
- ☐ Multi-Systemic Therapy
- ☐ Day Treatment
- ☐ Partial Hospitalization
- ☐ Community Support Team
- ☐ Assertive Community Treatment Team
- ☐ SA Intensive Outpatient
- ☐ SA Comprehensive Outpatient
- ☐ Opioid Treatment

*... plus Outpatient Therapy and Medication Management
for State-funded SA consumers only*

NC-TOPPS Revisions: Services

- Qualifying residential services
 - Therapeutic Foster Care
 - Level II and III Residential Services
 - Psychiatric Residential Treatment Facilities
 - SA Community Residential Treatment

Residential services may or may not be considered a consumer's "clinical home." If another provider is the clinical home, the two providers work together to gather the NC-TOPPS information.

NC-TOPPS Revisions: Interview Schedules

- Designed to follow the consumer through an entire episode of care
 - **Transfer Interview** has been eliminated. LME Super-users can transfer a consumer to a new provider agency.
 - **Episode Completion Interview** is required when consumer has completed treatment or received no services for 60 days or more.

NC-TOPPS Revisions: Interviews

- Reduced number of questions by 40%
 - Dropped many questions
 - Combined some questions
 - Kept some questions only for interested populations (e.g. adult SA women)
 - Simplified response options

New NC-TOPPS Website

- Accessible through any link on left side of Division website
- User **Enrollment** page
- Website **Submission** page
- **Reports and Presentations** page
- Other Information page

New NC-TOPPS Reports

- Statewide and LME-Specific reports
 - Summer: Initial Interviews for the previous calendar year
 - Winter: Matched Initial-to-Update Interviews for previous state fiscal year
- Snapshots (Monthly)
- Custom reports on request

NC-TOPPS Snapshots

- Monthly data brief
- Topics of interest
- Statewide analysis

In Progress: Tracking Reports

- Revised monthly report for CDW folder
 - Includes Medicaid (MH only) and IPRS (MH & SA) claims for past 6 months
 - Includes consumers with first two qualifying services or first qualifying service plus an Initial Interview beginning in those months
 - Includes consumer IDs, procedure codes, provider codes, payer, claim number, diagnosis, NC-TOPPS submission date

In Progress: Expanded Functionality of NC-TOPPS

- Coming improvements to NC-TOPPS:
 - Dashboard / “Outcomes at a Glance”
(public access)
 - Clinician Query / “Individual Status Report”
(security-driven access)

The following dashboard reports provide key outcome measures for substance abuse and mental health consumers.

- The user is able to view statewide and Local Management Entity (LME) data.
- The user can choose from 14 measures for the state and/or LME(s). If desired, the user may select up to five LMEs per dashboard report. (Note: Statewide performance is always displayed.)
- Based on the outcome measure selected, only the appropriate consumer groups are available. The user must select one of these and then click **SUBMIT**.

The data for the dashboard reports are based on consumers' completed Updates in the most recent six months. For example, a dashboard report generated in the month of June will include data from Updates completed from December 1, 2007 through May 31, 2008.

Please note dashboard reports will not be displayed on any outcome measure where the number of cases is less than twenty

In Progress: User Trainings

- Super-user trainings
- Bi-monthly super-user conference calls
- Web-based training for new clinicians

NC-TOPPS: Expanded Modules

- NC-TOPPS: ADATC
 - Went live on the web November 2006
- NC-TOPPS: TASC
 - Went live on the web July 2007

NC-TOPPS: ADATC

- The State Alcohol and Drug Abuse Treatment Centers (ADATCs) implemented NC-TOPPS in all 3 facilities to:
 - Identify staff training needs
 - Measure patient outcomes
 - Continue program growth & development

<https://nctopps.ncdmh.net/ADATC.htm>

NC-TOPPS: ADATC

- Currently reviewing test-run reports to ensure consistency across the three ADATCs
- The system facilitates the transition of the consumer from one level of care to another.
- Committed to bridging ADATC and community NC-TOPPS for continuity of care.

NC-TOPPS: TASC

- Treatment Accountability for Safer Communities' Criminal Justice Management system (TASC-CJM) converted from paper to web-based entry in "NC-TOPPS: TASC" in July 2007
- Different questions and purposes than MH/SA NC-TOPPS
 - Does not satisfy the NC-TOPPS requirement for MH/SA consumers
 - Does not affect NC-TOPPS compliance rates for LMEs

<https://nctopps.ncdmh.net/tasc.htm>
